MRS. MANICE RETAINS TITLE IN WOMEN'S METROPOLITAN.

sare Michael Leads in the New Jersey State Play at Baltuarol-Big Fields at Eastern Parkway and Dyker Meadow -Team Match at Harber Hill.

Mrs. J. A. Manice of the Baltusrol Golf Club won for the second time yesterday the championship of the Women's Metropolitan Golf Association by defeating at the Richmond County Country Club Miss F. Louise Vanderhoef of Ardsley and Monmouth Beach, by up and 3 to play. Mrs. Manice made the first seven holes in twenty-eight, securing a lead that carried her through with success, in spite of the vigorous attack by Miss Van-derhoef afterward. The latter had usually the better of the long game, but her approache were rather wild. Playing the ninth, Miss Vanderhoef's caddie lifted her ball by misake and then replaced it, but it was passed by Mrs. Manice as a "rule of the green." E. A. Manice caddled for his wife and Mrs.

Stout for Miss Vanderhoef. In its first stage the match was all in favor after both had played 4 to the green. The next was a half in 4. A clever 2 won the "Wee Drop" for Mrs. Manice, Miss Vanderhoef being short and taking 4. A flubbed approach cost her the fourth and on the fifth Miss Vanderhoef made even worse work with the mashie, losing once more. They were square on the sixth green in 5, but the seventh was won by Mrs. Manice in a dar 3. It is only 126 yards. Mrs Vanderhoef taking

Mrs. Manice. Playing the eighth she drove out of bounds and was also out on her third shot, Miss Vanderhoef winning in 5 to 7. The ninth, after poor work by both, was balved in 7, leaving Mrs. Manice 4 up at the

tenth tee, through pulling, but Miss Vanderapproach, and, holing in 3, had an easy hole. On the eleventh, as she had on the ninth, Mrs. Manice helf topped her drive, the two faults and the slice out of bounds on the eighth being her only errors from the tee throughout. Miss Vanderhoef was on the green in 2 and won in 5 to 7. Playing the twelth Mrs. Manice was on the near bank of the brook on her second. Miss Vanderhoef, who had a good lie, but failed to get the ball up cleanly with the brassey, was in the brook on the fer side. Mrs Manice just got over the hazard on her third, using the niblick.

Mrs. Stout suggested that Miss Vanderhoef drop back and take a penalty stroke, but the impetuous young Ardsley player was firm on trying it. She made a good attempt, but, with all the splash of water, the hall was only jumped to a worse place. Miss Vanderhoef then dropped back, losing the hole in 6 to 8. A half in 5 was recorded next, and Mrs. Manice, laying her approach so close that she had only a short put, won the fourteenth in a to 5, and wasdormie. After slicing her second to the grass just over the brook on this hole, Miss Vanderhoef made a beautiful play with the niblick, reaching the green and nearly holing for a half on the next attempt. A long put on the odd gained a 5 for Mrs. Manice on the fifteenth, and the half. The oard was. faults and the slice out of bounds on the

The Consolation oup, like the Championship, was carried off by a Baltusrol player, Mrs. W. Fellowes Morgan, president of the Women's Metropolitan Golf Association, who beat Mrs. Ralph Lane of the Bichmond County Country Club by 3 up and 2 to play. Mrs. Morgan was 2 up at the turn. The card was.

Marc M. Michael, of the Yountakah Country Club fellowed his dogged up-hill victories of Friday by winning the fifth championship of the New Jersey State Golf Association vesterday in good style from N. B. Cole, at the Balturol Golf Club. Michael, won by 5 up and 3 to play, after being but 1 up in the morning. He was runner up last year and is a long driver although holding the hands reversed on the shaft with thumbs straight down, the left hand being below the right, the way called overhanded in baseball. Michael went out in the afternoon in 37. The minor cups were also fought out, allan Kennaday being again defeated, while hands A. Tyng won a good match. There was a tie in the medal play handicap. The tournament has been a great success, reflecting every credit on the committee of the association and of the club. The card in the championship final was:

YALE FRESHMEN BEAT WARSITY. Surprise for Coaches and Crew in Trial at Gales Ferry.

GALES FERRY, June 6.-Coaches Kunzig and Kennedy and the whole Yale 'Varsity eight under their instruction were never before so surprised as they were shortly after 8 o'clock this evening when the fresh-man eight won a four-mile brush by three boat lengths.

The two boats were sent away up the river

at exactly 5:50. From the first dipping of the blades until they ceased rowing at the end of the fourth mile opposite Red Top, It was a fierce struggle for supremacy.

It was nip and tuck for half a mile, both eights rowing in good form and apparently putting out every pound of muscle and brawn at their command. The youngsters held on grimly and at the half mile stake began to orge slowly into the lead. The 'varsity men did not raise their stroke above 32, and their junior adversaries were contented in keeping in the same neighborhood. At the mile mark

The Effort Outsails Challenger for Canada

Cup at Kniekerbocker Regatta. Irondequoit, the much - heralded cup

Irondequoit, the much heraided cup challenger for the Canada trophy, met defeat in her initial race yesterday in the annual regatta of the Knickerbocker Yacht Club. The successful yacht in the 48-foot class, in which the new boat sailed, was the Effort, the acknowledged champion of that class in these waters. The new cup hunter was beaten by more than five minutes at the end of the thresh to windward at the easterly mark, and soon afterward withdrew from the contest.

The Alert, another new craft, spreadeagled her field in the 30-foot class and incidentaily, sailed over the course in less time than Commodore Mason's new flyer, Leda, in the 36-foot class. The Alert was sailed by E. W. MacLellan, and Mr. Alker's steam yacht Florence followed her over the course.

The regatts was the most successful of the season thus far, and the steamer Favorite, on board of which were fully 479 of the sweethearts and wives of the club members, followed the racing yachts over the course.

Owing to the lack of wind, which during the morning blew straight up and down the most, the start was postponed until 1 o clock, at which hour there was a light air loitering along from east northeast. The course for the larger yachts was a beat to Gangway Rock, and if the breeze held would have been a run home with spinnakers to port.

The fickle air, however, dropped out soon after the Effort rounded the easterly mark

Rock, and if the breeze held would have been a run home with spinnakers to port.

The fickle air, however, dropped out soon after the Effort rounded the easterly mark and came in later from south by west. After the start, in which the new cup challenger held the best position, the Effort crept out from under her lee and led the fleet all the way.

The defeat of the Irondequoit by the Effort was explained by Oscar Chellborg of the regatta committee, by saying that the new craft was not sailing officially against her opponent, but simply for a sail-stretching spin. The fact that she was beaten so signally in a thresh dead to windward in light airs is significant, however, and the general opinion is that unless she improves greatly in her tuning-up spins, she is not the best craft that can be selected to capture the sought-for mug.

H. White. The champion was heavily handicapped at 40 to her opponent's ½ 15, but succeeded in landing the prize after losing the opening set. Miss White played a remarkably steady game, and, after the first few strokes, it looked as if the handicappers had misjudged her ability. Miss Moore soon rallied, however, and by skilful placing took the second and third sets and the match.

The championship in men's doubles went to L. J. Grant and Robert Le Roy, who defeated Dr. Julian Smythe and Thomas Donahue in straight sets. The winners played well together, and their team work gained a number of points at critical moments.

Meadow Brook Pole Cups. HEMPSTEAD, N. Y., June 6 .- The initial polo

Hempstead, N. Y., June 6.—The initial pologame for the Meadow Brook Club cups was played to-day between the two Westchester teams. The first ream had to allow sixteen goals to their club mates by handicap, and it was too much for them to do. They made affecen goals, all but enough to cover the handicap, but while doing it their opponents scored twice, which kept them above water, and the second team won by a score of 17½ to 14½. The game brought out for the first time some of the crack players, notably the Waterbury brothers. The only accident happed in the third period, when Cowdin's pony disocated its shoulder. The teams:

Country Club of Westchester, First—J. E. Cowdin, 8; J. M. Waterbury, 3r., 8; Lawrence Waterbury, 8; Eugene Reynal, 3. Total handicap, 2s.

Country Club of Westchester, Second—J. T. Blair, 3; J. C. Cooley, 4r., 3; H. C. Brokaw, 3; H. M. Barle, S. Total handicap, 12.

Goals carred—Westchester first, 15; Westchester second, 18. Lost by penaltics—Westchester first, 144. Referee—Robert Bacon.

The hill used is 2.349 feet long, with a grade of 3 per cent. at first, then a slow stretch of 1 per cent. and finishing with a short drop of 4 per cent.

The result of the competition was interesting in showing that apparently experience and practice on the course have more to do with success in coasting than the weight of wheel or rider or the style of gear used. The winner weighs 147 pounds and the second man 155. The heaviest man in the contest, E. J. Dixon, who weighs 225 pounds, finished twelfth and the lightest competitor, eleven-year-old Arthur Schwalbach, who weighs only 73 pounds, was twenty-first. There were veteran century riders, amateur racing men, gray beards and youngsters in the contest. It was a notable gathering of the "Old Guard" of cycling, and Alexander Schwalbach, who more than twenty years ago was arrested for riding a bicycle in the city, was referee. Coaster brakes were used by most of the riders, but the winner used a fixed gear. In the following table the letters "C. B." and "F. G." stand for coaster brake and fixed gear respectively.

There were thirty-two prizes to be won, and the summary shows the first twenty-five in the order of prize winning and the distance coasted. The first four men had to start together in a final, and a breeze which sprang up in the course of the contest and hindered the competitors more and more as they started, later prevented any one of the four doing as well as he did the first time. The final gave Dixon third place and Fulton fourth place, while Cox and Soderstrom remained first and second. The distance covered by each of the four leaders in their final was: Cox, 3,123 feet 2 luches; Soderstrom, 3,108 feet 11 inches; Dixon, 2,981 feet 6 inches; Fulton, 2,979 feet 11 inches. The table gives the result of the first coast, only one trial being allowed to those outside the first four:

There was to have been a race for raceabouts, but the contest was declared off.

CARTER TO FIGHT O'BRIEN. INTERSCHOLASTIC TRACK GAMES. Rival Heavyweights Matched to Box at Philadelphia on June 17.

coasting contests as well as in track and road racing was demonstrated yesterday in the have been matched to meet for six rounds before the industrial A. C., Philadelphia, on second annual coasting match of the Metro-pole Cycling Club. The contest was won by June 17. They will come together at 165 W. J. Cox, of the Unity Cycle Club, and Paul pounds, weigh in at 933 o'clock on the night of the scrap. During the past six months Soderstrom, a clubmate, was second. Cox made the best record on the course last year, and be and Soderstrom have been practicing of the scrap. During the past six months Carter has repeatedly said that he could stop O'Brien inside of six rounds, and that he would forfeit his end of the purse if he failed to do so. O'Brien thought he was bluffing and ignored bim. Since Carter's return from the Pacific Coast he renewed his efforts to arrange a fift, and O'Brien, having no alternative, agreed to meet him.

If the men are in fine condition, the bout should prove a hummer. O'Brien apparently has not much love for Carter, and that there will be something doing before the limit is reached is evident. O'Brien has already begun training. a record of 3,060 feet for the same hill on Lafayette Boulevard, running south from 181st street. Yesterday his best coast was 3,309 feet 8 inches.

ATLANTIC CITY, N. J., June 6 .- Three amateur riders were thrown on the sevenamateur riders were thrown on the section hap board track at the Bicycle Coliseum this afternoon and received numerous body bruises and cuts. W. Evans, colored, in the five-mile handicap, struck the rear wheel of E. Droomfield as they entered the uptown turn and the latter was thrown and rolled a dozen feet. Evans was sent flying in the air a distance of fifteen feet, making a double somersault in his descent. Henry Wagner of New York, a Vailsburg track rider, crashed into the fallen men and also fell. No bones were broken.

Many spectators climbed upon the track to render assistance just as five other riders came down the stretch. The racers averted a serious accident by sudden manipulation of their wheels. Robert Brady, 30 yards, won the race in 11 minutes seconds, Charles Van Doran, scratch, was second, and Richard Hemphill third.
